

## **Merger Update:**

Dear Members,

Just a quick update regarding the merger....We are proceeding smoothly with the integration of United Shoreline operations with Wepawaug-Flagg FCU. October 31 is the target date for the integration of computer systems. During the weekend of the computer systems integration, you may have limited access to your debit card and online services. Until then, please continue to use your current Wepawaug-Flagg branches until integration is completed.

**IMPORTANT:** Continue to check our correspondence, as well as our web site for merger-related information and availability of WFFCU branches and other services.
